

North Hempstead Supervisor Jennifer DeSena and the Town Board present

2023 Rain Barrel and Composter Sales

Rain barrels and composters are available to purchase by Town residents.

Compost provides valuable plant nutrients, reduces the amount of waste that ends up in landfills or combustion facilities, and decreases the need for synthetic fertilizers.

Rain barrels are containers that collect rainwater, which can be used for outdoor irrigation. They save potable water, reduce stormwater pollution and allow users to save money on water bills.
