

North Hempstead Supervisor Jennifer DeSena and the Town Board present

2023 Home Sustainability Workshops

SUSTAINABLE YARD CARE

**Wednesday, March 1
at 6:30 p.m. (90 minutes)**

Find out how you can make your yard more sustainable by composting, using a rain barrel, saving water, creating wildlife habitat, using alternatives to pesticides, applying fertilizer properly and more! Your yard can look great and be healthy for the environment!

NATIVE PLANT GARDENING

**Wednesday, March 15
at 6:30 p.m. (90 minutes)**

Native plant gardens help to conserve water, reduce fertilizers and pesticides, and provide food and habitat for wildlife, like pollinators. The president of the Long Island Native Plant Initiative explains how to create native plant gardens in the home landscape.

CREATING RAIN GARDENS

**Wednesday, March 29
at 6:30 p.m. (90 minutes)**

Discover how to install these gardens that reduce stormwater pollution and flooding, recharge and purify our drinking water, and provide food and habitat for wildlife.

Registration is required for all workshops, which will be held virtually on Zoom.
Free and open to all members of the public.
